Report on Feedback on Curriculum (2012-2013)-M.Sc(Mathematics)

Report on Feedback on Curriculum by Academicians, Teachers, Students and Alumni (2012-2013)

- The external experts suggested to replace the course Mathematical Statistics by Functional Analysis, Functional Analysis by Operator Theory. They also insisted to include the course Mathematical Statistics as an elective course.
- The industrial experts suggested to replace Programming in C++, by Programming in Visual Basic.
- The faculty members insisted to include LATEX (both theory and Lab) with the course MATLAB and also suggested to change the content of the course "Operations Research" in M.Sc(SS)(admitted for 2011-2012))
