PROLOGUE

“Service to people is service to God” is the noble saying of our elders.

EXCELLENCE IS THE KEY

The V.S.V.Vidyaa Mandir, a benevolent charitable trust performed a great feat in founding an educational institution for higher learning, ‘Sree Saraswathi Thyagaraja College’, on 22nd October 1997 to meet the demanding educational needs of the rural youth in and around Pollachi at an affordable cost.

The trust was formed by three great visionaries belonging to three Philanthropic families – Thiru. P. M. Thiyagarajan (late), Smt. T. Saraswathi, Thiru. M. K. Arumugam (late), Smt. A. Mahalakshmi (late) and Thiru D. Sivaraman (late), and Smt. Vasantham Sivaraman (late). Right from its inception, the Institution has been ably managed by the highly enterprising, dynamic and service minded business titans, Thiru. T. Sethupati, Thiru. M. A. Vijayamoghan, and Thiru. S. Venkkatesh, who are the beloved sons of the founders of the institution. Dr. M. Settu (late), a brilliant, dynamic and versatile member of the Management

Committee was the Director General of the Institution, who spared no effort in steering the institution with a visionary outlook towards the pinnacle of glory and academic excellence.

A co-educational, self-financing and autonomous institution, Sree Saraswathi Thyagaraja College has had a meteoric rise and phenomenal growth since its inception. Begun with a skeleton strength of 37 students, it has more than 3,000 students on the roll today, and they feel extremely proud of being the students of STC.

With a variety of Unique Selling Propositions and facilities, the institution stands different among other affiliated colleges of Bharathiar University. It has a well-designed curricula of need and outcome-based programmes with student-centric, multi skill-set development programmes like Wordsworth, Yoga and Value Education, free high speed internet, an excellent library and a journal section with more than 173 National and International journals of repute to provide students with the opportunities and facilities to become globally competitive with a razor sharp analytic mind, knowledge, skill set, wisdom and compassion.

The speciality about STC is that the teachers are well trained and experienced in teaching methods using ICT tools in addition to the conventional chalk and talk methods. Online tests are conducted and online courses are offered to students through the National Programme of Technology Enabled Learning (NPTEL). Accredited by NAAC with 'A' grade and ISO Certification 9001:2008, the college has won the crown of the Second Best College Award among other affiliated colleges of Bharathiar University in addition to being the Second Rank holder in Sports and Athletics.

The institution started functioning with 4 undergraduate courses: B.Sc (Computer Science), B.Com, BBM and BCS. The first batch of students graduated in June, 2000. To meet the increasing demands for Computer Science and Commerce courses, additional sections in B.Sc (CS) and B.Com were introduced and the BCA programme was introduced in the year 1999. The Management of the College in all its vision and wisdom, ventured to start PG programmes, and the prestigious MCA course was introduced in June 2000 with the due approval from AICTE, New Delhi and affiliated to Bharathiar University.

In the same year, M.Sc (Software System), a 5-year integrated programme was started. The overwhelming appreciation, support from the students, parents and the society encouraged the Management to start one more UG programme,

B.Com (Computer Application) and two more PG programmes - MBA and M.Sc (Information Science and Management) in the year 2001. Realizing the need for post graduate education for commerce graduates, the management resolved to offer M.Com degree programme from the year 2003. In order to improve communication, the college made all arrangements to offer a certificate course in Communicative English as approved by the Bharathiar University, Coimbatore from 2003-04 onwards. A well-furnished language laboratory - Wordsworth is available for this purpose. During the academic year 2004- 05, two new courses, namely MIB and B.Sc (Mathematics) were introduced. Two new Master Degree programmes, M.Sc (Computer Science), MSW (Social Work) and UGC sponsored career-oriented programmes were introduced during the academic year 2005-06 to enhance the employability skills of students.

Outcome Based Education

“Outcome-Based Education” (OBE) is considered as a giant leap forward to improve quality education in India and help students to compete with their global counterparts. OBE is a student-centered instruction model that

focuses on measuring student performance through outcomes. Outcomes include knowledge, skills and attitudes. Its focus remains on evaluation of outcomes of the program by stating the knowledge, skill and behavior a graduate is expected to attain upon completion of a program and after 3 – 5 years of graduation. In the OBE model, the required knowledge and skill sets for a particular degree is predetermined and the students are evaluated for all the required parameters (Outcomes) during the course of the program.

Swayam

“Swayam” is a programme initiated by Government of India and designed to achieve the three cardinal principles of Education Policy viz., access, equity and quality. The objective of this effort is to take the best teaching learning resources to all, including the most disadvantaged. Swayam seeks to bridge the digital divide for students, who have hitherto remained untouched by the digital revolution and have not been able to join the mainstream of the knowledge economy. With a focus on establishing quality in education, STC is introducing to adopt and implement Outcome Based Education (OBE) – curriculum design with effect from the academic year 2018-2019. It is also planned to introduce Swayam on line courses at both UG and PG levels in order to comply with UGC regulations from the academic year 2018-2019 onwards. **Evaluation System**

Students are evaluated by the continuous Internal Assessment system and the Semester Examinations conducted by the college at the end of the semester under autonomy. Marks for internal assessment is computed based on the marks secured by the student, in Cycle Tests I and II, Model Examinations and Assignment / Seminar, following the norms stipulated by the Bharathiar University or the college. The total marks scored in Continuous Internal Assessment and semester examinations put together gives the marks scored by a student in that examination

Features of Autonomy

Sree Saraswathi Thyagaraja College was awarded Autonomous status by the University Grants Commission and Bharathiar University during the year 2008-09. The Autonomy came into force from the Academic year 2009-10. All the Under Graduate and Post Graduate students admitted during the Academic year 2009-2010 and thereafter come under autonomous system.

With the autonomous status Sree Saraswathi Thyagaraja College has got freedom to determine and prescribe its own syllabi and restructure and redesign the course to suit industrial needs; prescribe rules for admission in consonance with the reservation policy of the state government.

- Evolve methods of assessment of student performance, conduct of examinations and declaration of results,
- Use modern tools of education technology to achieve higher standards and greater creativity and
- Promote healthy practices such as community service, extension activities, project and programmes for the benefit of the society at large and the neighbourhood.

Towards achieving these objectives Sree Saraswathi Thyagaraja College has constituted Boards of Studies for different disciplines. Syllabi and scheme of examinations have been framed newly which are being implemented from the Academic year (2009-2010). Office of the Controller of Examinations has been created with Controller of Examinations as the head. Examination Rules and Regulations have been formulated and the salient feature of the syllabi and scheme of examinations are:

- Choice Based Credit System (CBCS)
- More industry oriented syllabi with greater emphasis on practicals / projects / internship
- Internal assessment as a component of evaluation for 25% marks

A Revised Syllabi has been introduced from 2012-13 for all PG courses. Professional Ethics and Job Oriented Courses have been added as new components in the syllabi.

IQAC

An Internal Quality Assurance Cell (IQAC) was established in October 2007 as per the direction of NAAC to ensure high quality education through various quality measures. In pursuance of its Action Plan for performance evaluation, assessment and accreditation and quality up-gradation of institutions of higher education, the National Assessment and Accreditation Council (NAAC), Bangalore, proposes that every accredited institution should establish an Internal Quality Assurance Cell (IQAC) as a post-accreditation quality sustenance measure.

As quality enhancement is a continuous process, the IQAC plays an imperative part of the institution's system and works towards realization of the goals of quality enhancement and sustenance. The prime task of the IQAC is to develop a system for conscious, consistent and catalytic improvement in the overall performance of institution. For this, during the post-accreditation period, IQAC will channelize all efforts and measures of the institution towards promoting its holistic academic excellence. The work of the IQAC is firstly to step towards internalization and Institutionalization of quality enhancement initiatives. Its success depends upon the sense of belongingness and participation. It is not yet another hierarchical structure or a record-keeping exercise in the institution, on the other hand, it will be a facilitative and participative voluntary system/unit/organ of the institution.

To realize the mission of achieving national and international recognition in the field of education, STC focuses on research as the critical futuristic endeavour. To give research an impetus in the institution an exclusive Centre was established in 2010, called Centre for Research and Development (CRD). The clients from industry, business, government and civil society can access the expertise available in the organization. This would equip the faculty members with new capabilities and processes that would enable them to deliver better services to the clients and students.

என் இறைவா,
நான் ஏறிக்கொண்டே இருக்கின்றேன் ..
எங்கு இருக்கிறது இலட்சிய சிகரம்?
நான் தோண்டிக்கொண்டே இருக்கிறேன் ..
எங்கு இருக்கிறது அறிவுப் புதையல்?
நான் பெருங்கடலில் நீந்திக்கொண்டே இருக்கிறேன் ..
எங்கு இருக்கிறது அமைதித் தீவு?
இறைவா, நூறு கோடி மக்கள்,
இலட்சிய சிகரத்தையும், அறிவுப்புதையலையும்
இன்ப அமைதியையும் உழைத்து அடைய
அருள்வாயாக!
