ALUMNI ACTIVITIES

The success of an educational institution depends on the support and performance of its alumni. STC has established an Alumni Association which functions very actively with a purpose. As of now, this association has a good set of its Alumni as media experts, journalists, social activists and entrepreneurs. It recognizes its alumni as important stakeholders in its continuing mission to render excellent education to the society

STC Alumni Association has been a nodal forum for its alumni to initiate dialogue among themselves and provide constructive direction to further the mission of the College in the field of higher education. It has involved in digitalizing the profile of all the alumni to create virtual database so as to facilitate the friendship among the alumni and the bond between them and the College.

STC is quite confident that the involvement and the constructional thinking of the members of STC Alumni will definitely steer the institution into limelight and take it to greater heights in terms of students attitude, quality, bench marking and achieving its vision
