INFRASTRUCTURE POLICY

STC is committed to create, develop, provide, and maintain necessary modern infrastructure and essential amenities for all the stakeholders to reach its vision.

Establishing and maintaining a well-developed infrastructure is very important for any institution of higher learning. With the vision "To become a Premier Institution and emerge as a University of Excellence", STC is constantly upgrading and maintaining its infrastructure. Hence the infrastructure policy of the institution becomes important to ensure the present requirements and future needs are well balanced.

The policy covers the following domains.

1. General Infrastructure
2. Infrastructure for teaching, learning and evaluation
3. Infrastructure for research, consultancy, and extension
4. IT Infrastructure
5. Hostel infrastructure
6. Others

PROCEDURE AND PLANNING

The new requirements for infrastructure developments may be discussed at various levels such as Management Review Meeting, Academic Council Meeting, Board of Management Meetings and the same be proposed in a proper manner by appropriate authorities. The proposals shall be considered by the Board of Management and will be executed by the Administrative Officer.

PRIORITIES FOR INFRASTRUCTURE PLANNING

STC, from its inception and during its 26 years of journey, has been established as a premier institution for Higher Education. Hence, self-sufficient and modern infrastructure for higher studies and training shall be created, maintained and upgraded periodically.

1. STC will establish exclusive research centers in advanced research area in higher studies.
2. STC is committed to creating, maintaining, and upgrading advanced training infrastructure for students.
3. STC is committed to establish, maintain, and upgrade various sports and recreation facilities such as gyms, play grounds etc.

STC is committed to establish and further strengthen the infrastructure in the following aspects

1. **Sporting facilities:** A good institution will ensure that there are facilities in place for students to exercise their bodies as well as their minds. Hence, STC shall establish swimming pool, gyms, indoor sports courts, outdoor sports courts, outdoor sports pitches, and recruit full-time staff.
2. **Medical facilities:** STC shall establish a fully functional medical center with qualified doctors on service.
3. **Residential facilities:** STC has established hostel facilities for the students who pursue higher education programmes. Facilities shall be made for the residential support for faculty members and research scholars as well. A separate hostel facility is made in service for international students. Guest houses may also be established to make residential requirements of visitors, guests, and others.

- 4. IT infrastructure:** IT infrastructure, once been considered as an advanced facility, has now become an essential facility and the role of IT infrastructure in teaching and learning has become mandatory. STC is committed in maintaining a 1:1 student computer ratio. STC has established fully functional IT Support Centers with well-qualified technical staff. The entire College is provided with Wi-Fi and 24-hour internet connectivity. STC has also established many smart class rooms and other e-learning resources.
- 5. Library facilities:** Even in this IT era, books and library are remaining unquestionable resources of teaching and learning both for academics and research. STC has created a state-of-the-art Library which harbors facilities such as OPAC Facility, Digital Knowledge Centre, Reading Hall, Reprographic and Scanning Facilities. Library has a separate section for Digital Library to facilitate the access of electronic databases subscribed by the College. The institution-subscribed electronic databases apart from the journals are available on Open Access platform. E-journals and DELNET Online are available for the benefit of research scholars and Faculty Members involved in research.
